REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Best reference noted is Devenyi'510 (patent to same inventor). However, despite its substantial similarity with the present invention, the latter does not teach, nor does it claim the access window of the housing, and the adjustment engagement that is externally accessible through the access window. These two additional limitations combined with other limitations common to both inventions constitute a novelty for the present invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Loha Ben whose telephone number is (571) 272-2323. The examiner can normally be reached on Monday to Saturday, generally between 12:00 noon and 8:00 p.m.
